

Chattooga High School Teacher of the Month

This program is designed to give recognition to some of our most talented and caring teachers. If a teacher has made a positive impact on a student through their teaching and dedication, we want to know about it. Teachers can be nominated by staff, parents, or students, however voting will be by staff only. The winning teacher each month will be celebrated at school, be treated to lunch, and have their name displayed on the school website and sign.

So, if you feel a teacher exemplifies the character and professional traits deserving of special recognition, please fill out a nomination located in the front office at CHS, or by emailing this Nomination Form to nedwards@chattooga.k12.ga.us
